Eduline Publishers

About Us

EduLine Publishers, a brainchild of three professionals with a vast experience of over two decades in book publishing was established in 2012. Since inception we have received tremendous response from schools and educationists across CBSE, ICSE and from Board schools all over India and have developed a reputation for publishing high quality books at affordable prices. Our authors are like minded principals, practicing teachers and departmental heads from reputed educational institutes across the country. Together, we pursue a dream of designing and tailoring books which are updated, rich, child-friendly, interactive, colourful and presentable in content as well as quality of production.

Our products are designed with a focus to enjoy and enhance education through understanding the concept. This is the reason why, apart from the prescribed scholastic syllabi, we have included elements such as problem solving, hands on activities, life skills, value inculcation, brainstorming, internet surfing, classroom debates etc. These help in the all round development of the child. Most importantly it helps the child gain confidence to cope up with daily activities in life.

Furthermore, we also provide teaching aids to the teachers such as Teachers Manuals and Digital which help them to consolidate a concept being taught in the classroom. These Support contain subject and text-based capsules along with activity based recapitulation modules for each chapter. This enables the teacher to create interest for learning and understanding for the child, thus providing a complete educational experience for the student.

OUR MISSION

Quest for New Horizons

Our mission is to bridge the gap between teaching and learning in the institutional and home environment. At each stage, we aim to be responsible towards the students, teachers and principals with a safe learning environment to be the final educational solution that gives off a positive effect on the quality of their learning experience.

OUR VISION

Education for All

Our vision is to be a reputed and admired company by customers, employees, partners, vendors, investors & society. We at Eduline try to ensure that we get the best content for our learners from across the globe by reaching the children directly and give back to society more than we take.

Maths is Magic

Maths is Magic is a series of books for classes 1 and 2 based on the guidelines of the National Curriculum Framework (NCF) for Foundational Stage 2022. The books are intended to build a firm foundation in Arithmetic and numeracy in early ages.

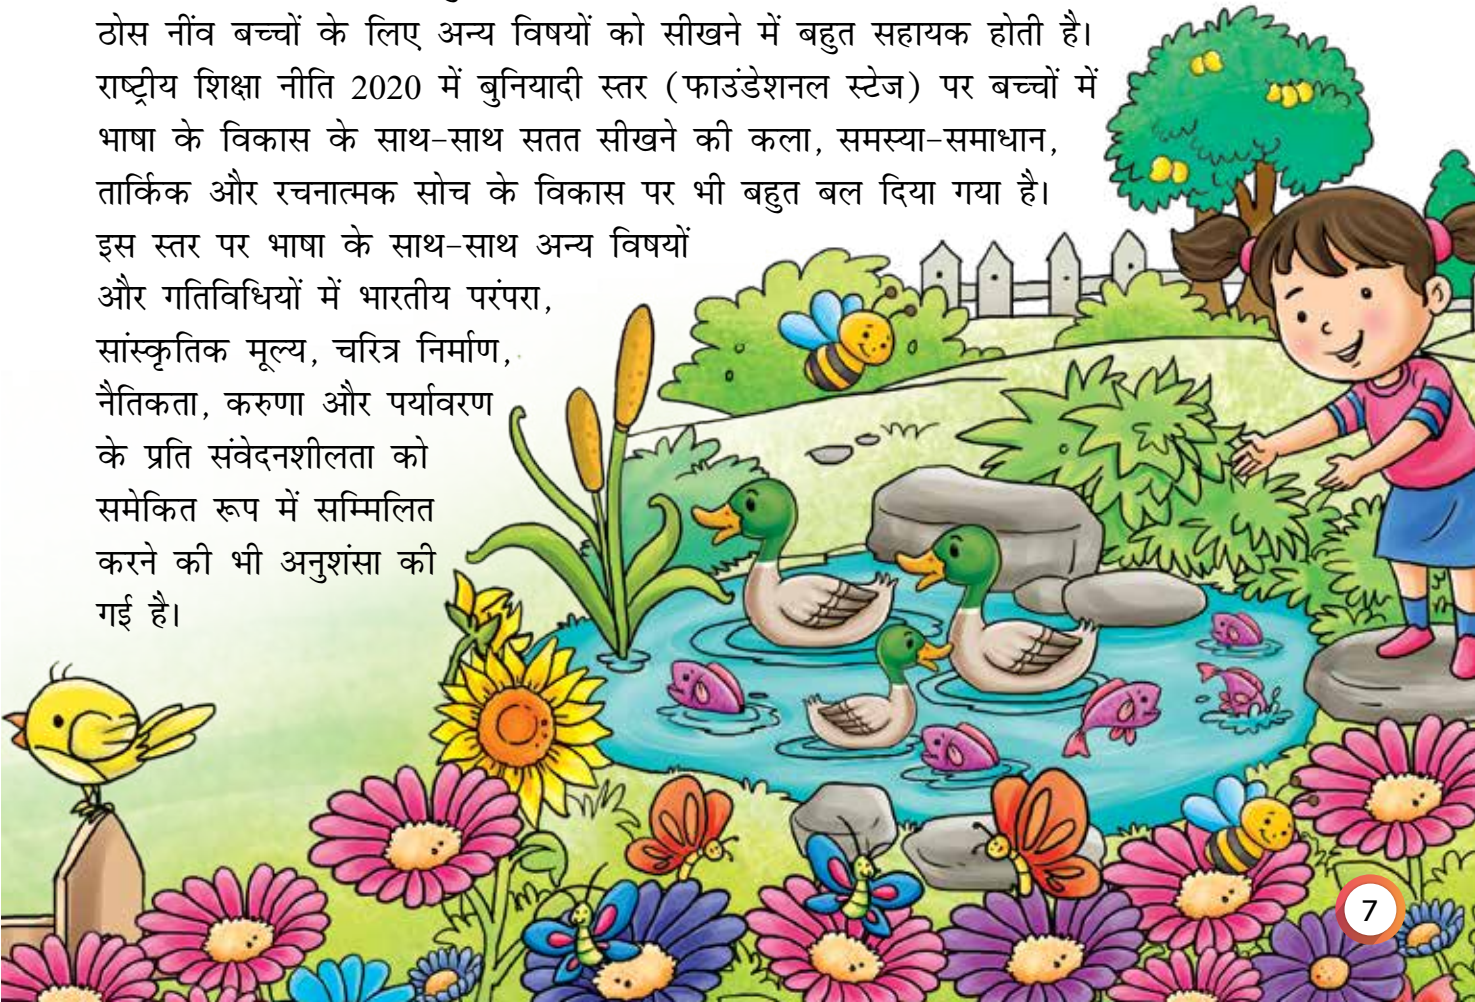

Grades 1-2

एकतारा (हिंदी पाठ्यपुस्तक)

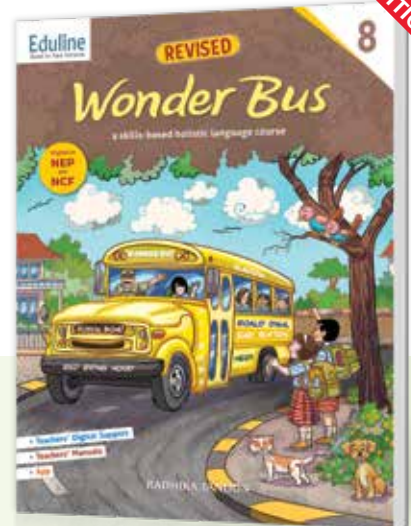

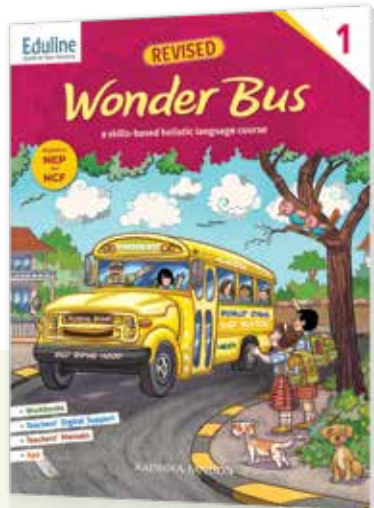

राष्ट्रीय शिक्षा नीति 2020 के अनुसार भाषा राष्ट्रीय विकास को बढ़ावा देने और न्यायप्रिय समाज को विकसित करने में महत्वपूर्ण भूमिका निभाती है। इस नीति में बच्चों की शिक्षा में भाषा और साक्षरता के विकास को बहुत महत्व दिया गया है। यह माना जाता है कि भाषा और साक्षरता की ठोस नींव बच्चों के लिए अन्य विषयों को सीखने में बहुत सहायक होती है। राष्ट्रीय शिक्षा नीति 2020 में बुनियादी स्तर (फाउंडेशनल स्टेज) पर बच्चों में भाषा के विकास के साथ-साथ सतत सीखने की कला, समस्या-समाधान, तार्किक और रचनात्मक सोच के विकास पर भी बहुत बल दिया गया है। इस स्तर पर भाषा के साथ-साथ अन्य विषयों और गतिविधियों में भारतीय परंपरा, सांस्कृतिक मूल्य, चरित्र निर्माण, नैतिकता, करुणा और पर्यावरण के प्रति संवेदनशीलता को समेकित रूप में सम्मिलित करने की भी अनुशंसा की गई है।

Roots

Roots, a series of eight books on Value Education for schools, as the name suggests, is a series that works on the holistic framework of children keeping them firmly grounded yet giving them the courage to fly and explore new heights. The values in this series will guide the children in leading a meaningful life in future.

Grades A-8
(With Material)

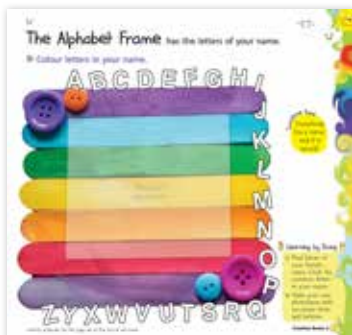

Creative Roots

Creative Roots, a series from kindergarten to grade eight, is in sync with NEP guidelines. The content throughout the series is refreshing and challenging, encouraging learners to explore art, going beyond drawing and crafting to skill learners in creativity, sensory and imaginative play with reasonable thinking.

Key Features

- To make the learners conscious of the good and beautiful things in their environment including classroom, school, home and surroundings through an integrated learning approach, which they will enjoy.
- Develops learners' senses through observation, exploration and self-expression.
- LBDs' (Learning by Doing) activities float creative ideas to keep learners' interests alive.

Grades A-8

(Without Material)

Colours and Creations

Colours and Creations is an essential source of creative inspiration for learners. It promotes experiential learning; the process of learning by doing, engaging in hands-on experiences, and reflecting on their creations.

- Sunshine Points add values and skills to learners' lives.
- Each activity includes a list of readily available materials, mediums and tools for learners to express, experience, react, ideate, think and act.
- Exposure to each medium of art and their techniques of art explained step-by-step along with illustrations.
- Ample variety of art and craft activities included using various drawing and colouring tools like, water colours, pencil colours, pencils and different kinds of paints, crayons, oil pastels and many more.
- A material board with ready-to-use materials has been provided at the end of the book.
